

Sturdisteel® BASEBALL SEATING APPLICATIONS

Baseball Grandstands: Sturdisteel is one of the leading suppliers of bleachers and grandstands to the baseball industry. Our hands on approach with you the customer allows us to offer the most efficient and economical solution to your seating requirements.

If your budget is tight, the angle frame stand gives you superior seating at low cost. If added comfort is your main concern, the Horizontal Beam design provides the solution by giving you the capability of adding backs, armrests or chairs for added comfort and revenue. Each design can be furnished in individual stands or miters to conform with the radius of your backstop.

Are you in need of additional seating? Whether it be a 1st base, 3rd base, or an outfield bleacher addition, let Sturdisteel expertise in baseball design assist you in increasing the capacity of your existing facility.

Salem-Keizer Volcanoes, Salem-Keizer, OR (Chairs by American Desk)

Collegiate Baseball Seating: Athletic Directors and Facility Planners are discovering Sturdisteel's ability to assist them in their seating needs. Our experience in the design, manufacturing and installation of stadiums gives you the facility you want within your budget. From 100 to 10,000, Sturdisteel is interested in your seating project.

San Marcos, TX (Mitered angle frame)

Minor Leagues: From renovating or expanding an existing facility, to furnishing a new stadium, Sturdisteel's list of minor league customers continues to grow. Owners and General Managers appreciate our expertise in offering the design they need to offer the best and most comfortable facility. Various seating options are available to allow optimum ticket prices for increased revenue.
