

VOLLEYBALL SYSTEMS

VB-7000LS - ALUMINUM VOLLEYBALL NET SYSTEM

Lightweight aluminum uprights and Flex Net provide the best net tension of any aluminum net system available. Lightweight, durable, easy set up, superior net tension. Meets all NCAA, NFSA and USVBA specifications. 10 year Limited Warranty on uprights.

FEATURES:

- **Telescoping Height Adjustment**

Internal mitre gear provides precise height adjustments from 6' to 8'2" without removing the net.

- **3-1/2" O.D. Lightweight Aluminum Uprights**

High-strength aluminum provides the rigidity needed for superb net tension and the lightweight desired for easy set up. Has a tough, powder coated finish. Each upright weighs 38 lbs.

- **Competition "Flex Net"**

Eliminates cumbersome cables and cords.

- **Worm Drive Winch**

(Included with uprights) Eliminates accidental back drive.

- **3-1/2" Floor Sleeves**

Aluminum sleeve and heavy cast brass cover plate has a locking mechanism to prevent basketball dead spots.

Standards, winch, floor sleeves (VB-75S), standards pads (VB-60P), antennae (VB-60) and net (VBN-6) **included** when you order the **VB-7000LS** package.
